A girl is the one who plays many roles in our lives. She is the cause of life. If you are saving a girl you saving our world. This world of Homo sapiens is just because of her. She is not our burden She is our need. India is a country where women are worshipped as a good as a same country has highest crime rate done against women. Some of the crimes of sexual harassments rape, murder, dowry etc. The girl is being killed in the womb of her mother without any mistake. It is just mistake in our mentality.
